

# Opioid Settlement Prevention, Treatment & Recovery (OSPTR) Fund & Board

## Oregon Opioid Settlement

Approximately \$333 million is coming to Oregon in 18 payments through July 2038 from Janssen & Distributor Settlements. Purdue Pharma settlement is still pending; there may be additional opioid settlements. Allocations are limited to prevention, treatment, and recovery strategies outlined in the settlement.

**55% → Subdivision Fund: Distributed directly to cities and counties** with population  $\geq 10,000$  based on percentages established in the settlement. Allocation decisions about these funds are made locally.

**45% → State of Oregon Opioid Settlement Prevention, Treatment & Recovery Fund:** Allocation decisions will be made by an 18-person Board, for:

- 1) Statewide and regional prevention, treatment, and recovery strategies (see reverse)
- 2) Development of a data system to track availability & efficacy of substance use prevention, treatment and recovery services in Oregon
- 3) Fund administration (capped at 5%)

Approximately \$503 million is going directly to Tribes and tribal health organizations from Janssen & Distributor Settlements. All federally recognized Tribes are eligible to participate in the Tribal Opioid Settlements, regardless of whether a Tribe filed an opioid lawsuit.
