

Regence 2022 Annual Overview

A message from Renee Balsiger

Regence

OREGON

Health care access, affordability and mental health drove the headlines in 2022 as people, businesses and communities continued efforts to recover from the COVID-19 pandemic. Regence BlueCross

BlueShield of Oregon remained committed to bringing high-quality, affordable and personalized health care to Oregonians. This means clearing hurdles for our members to receive vital medical support, advocating on their behalf and offering insights to help members meet all their health care needs.

We've invested in technologies that make it easier for you to access the mental health support you need from the comfort of your home. We continue to collaborate with community health centers and nonprofits to help address the socioeconomic challenges that prevent our most vulnerable from living their healthiest lives.

The advantage of Blue®
