# 2025 State Shared Revenues

## City Budgeting Basics for the Five State Shared Revenues

By Jenna Jones, LOC Tax and Finance Lobbyist

Cities are expected to again receive payment from five different state shared revenue programs during the new fiscal year. Most shared revenues are distributed to cities based on population, but some use more complex distribution mechanisms. The five revenue sources are summarized below and include descriptions, forecast projection trends, and key legislative updates that may impact the revenue. The LOC encourages cities to join its advocacy efforts to protect and improve each of these vital revenue sources.

Using state projections, the LOC has produced estimates of state shared revenues for cities to utilize when formulating their budgets. Projections for distributions to cities may be revised throughout the year as revenues come in or as laws change. Cities are reminded that they must take necessary steps, including completing various required certifications and reports, to receive the revenues.

### State Shared Revenue Background

City general funds in Oregon primarily come from property taxes, franchise fees, transient lodging taxes, fees for services and state shared revenues. As a key revenue source for cities, state shared revenues help provide basic services and meet community needs. When state shared revenue formulas were first established, local governments were generally preempted by the state from enacting or continuing to enact local taxes on the same item in exchange for a specified portion of the revenues collected by the state. Thus, these revenues should not be viewed as “shared revenues,” but rather as historical city and county revenues that are now collected by the state. Despite continued local revenue challenges and rising service costs, state shared revenues are often threatened through decreased shares for local governments as the state tries to balance their own budget. In addition, when the state increases its tax rate, it often does not include the increased revenues in the share provided to local governments.

2023-24 Total City Share	
Highway Trust Fund	\$238,300,000
Liquor Revenues	\$36,866,000
Marijuana Tax	\$5,094,000
Cigarette Tax	\$2,033,333
9-1-1 Tax	\$28,133,678

### The Five State Shared Revenues

#### 1. Highway Trust Fund Revenues (Gas Taxes, etc.)

In 2017, the Legislature approved a comprehensive transportation funding package (HB 2017) that significantly increased cities’ per capita funding. The package included a 10-cent gas and use fuel tax increase, and a 53% increase in the weight-mile tax (both phased in over a seven-year period), along with graduated registration and title fee increases.

From the cities’ total allocation, \$2.5 million is directed annually off the top to the special city allotment fund. The allocation is matched and administered by the Oregon Department of Transportation (ODOT) to provide competitive grants to small cities with a population less than 5,000. This is in addition to their per capita allocation (see ORS 366.805).

Long term growth in this revenue source will be tied to external factors like how teleworking trends, population growth, and moves toward more fuel efficient and electric vehicles. Additionally, another large-scale transportation package may pass in the 2025 legislative session, which could impact local revenues.

#### 2. Liquor Revenues

Cities’ share of this state shared revenue is 34%, of which 20% is distributed per capita and 14% is distributed using a formula that factors in property taxes, population and income. The three major contributors to this revenue source are: the sale of distilled spirits; taxes on beer, wine and cider; and liquor licensing fees.

Distilled spirit sales make up more than 95% of this revenue source. The state maintains the exclusive right to sell packaged distilled spirits and sets the mark-up on products using a wholesale price formula. This means that the bulk of this state shared revenue source technically is based on profits, and not taxes.

At approximately 8 cents per gallon, or about 4 cents on a six-pack, Oregon’s beer and cider tax is one of the lowest in the country. In fact, Oregon’s beer tax rate has remained unchanged since 1978. Meanwhile, the state wine tax is in the middle compared to other states and is 67 cents per gallon. The wine tax has not been increased since 1983. With tax rates presently so low, it would take large tax increases to generate any significant revenue. In 2023, the Legislature

*(continued on page 4)*

established the Task Force on Alcohol Pricing and Addiction Services (HB 3610) which will study the potential of increasing beer and wine taxes. The LOC has a representative on the task force.

Changes made during the 2021 legislative session to increase compensation to liquor store agents and distillery tasting room owners have reduced net distributions from this revenue source. The Oregon Liquor and Cannabis Commission's (OLCC) warehouse is reaching capacity, and the Legislature approved construction of a new facility in 2021. Any expenses for the new warehouse reduce shared revenue for cities, since the bonds are paid for out of the gross liquor revenue. The cost of the project, including land acquisition and construction, has increased from the first estimate of \$62.5 million to \$145.8 million, making the 34% city share of the project cost \$50 million. The Oregon Secretary of State is currently performing an audit of OLCC land acquisitions.

The share of this revenue source is projected to continue trending upward over the long term, but these added costs mean cities will receive less revenue than they would have otherwise.

### 3. Marijuana Tax Revenues

The state imposes a 17% tax on recreational marijuana products. Until the end of 2020, cities that have opted in to allow dispensaries to locate within city limits have received 10% of the state's total tax revenues (minus expenses) on recreational marijuana products. The passage of Measure 110 in November 2020, represented a massive shift in the allocation of state marijuana revenue distributions. Starting in March of 2021, quarterly revenue distributions to cities from state marijuana taxes saw roughly a 74% decrease from the fourth quarter 2020 distribution (the final distribution under the old formula). Going forward under Measure 110, cities will share \$1,125,000 quarterly, or \$4,500,000 annually, which was indexed with inflation starting July 2023.

Revenue distributions to cities are made quarterly; however only individual cities that certify will receive a distribution. This certification had been required quarterly with the OLCC, but in 2020 was moved to an annual certification with the Oregon Department of Administrative Services (DAS), similar to other shared revenue certifications. Since 2017, 75% of the shared revenue is distributed to eligible cities on a per capita basis, and 25% is distributed based on the number of licensed recreational and medical premises in the city (grower, processor, wholesaler, and retailer). Note that the license portion (25%) of the distribution is particularly hard to forecast as shops are frequently opening and closing.

Cities may impose up to an additional 3% local tax on recreational marijuana products. Most cities have an agreement with the Oregon Department of Revenue to have the state collect their local tax at the same time the state tax is collected. However, that local tax revenue is not considered a state shared revenue.

The LOC will continue to advocate on behalf of cities for additional marijuana revenues, but the numbers reflected in this report assume no change from the Measure 110 formula. Since the 2021 legislative session, there have been interim conversations about legislation that would increase the 3% cap on local taxes, backfill Measure 110 losses, or change the distribution formula, all concepts the LOC continues to lobby for.

### 4. Cigarette Tax Revenues

This revenue source is projected to continue trending downward—as it has for more than 10 years—as consumer smoking decreases. In November 2020, voters passed Measure 108, which: increased cigarette taxes by \$2.00 per pack effective January 1, 2021; increased the cap on the cigar tax from 50 cents to \$1.00; created a tax on vape products at 65% of the retail price; and preempted cities from taxing vape products. After the increase, cigarette taxes are at \$3.33 per pack, and cities' share of that revenue is a meager 0.6% of the tax, or about 2 cents per pack. It's important to note that while cities receive a share of tax revenues for cigarettes, no shared revenue is distributed for taxes on other tobacco products, including cigars, moist snuff, chewing tobacco, pipe tobacco, and now vape.

Measure 108 was expected to decrease revenues to cities. Ultimately, cities did not get a share of the \$2.00 increase, and as prices increased by 33% on average, demand was anticipated to decrease. During discussions at the Legislature, reductions in sales as high as 25-35% were anticipated due to reduced smoking rates in Oregon and a reduction of cross border sales into Washington and California. While this reduction could be explained by longstanding trends, it could also be explained by consumers switching to vape products. Nonetheless, it seems clear that Measure 108 has achieved a reduction in tax revenues.

### 5. 9-1-1 Tax Revenues

Oregon's 9-1-1 tax was increased to \$1.00 per line or prepaid transaction effective January 1, 2020, and further increased to \$1.25 effective January 1, 2021. Before this change from 2019's HB 2449, the rate had been 75 cents since 1995. The new tax increase on 9-1-1 expires January 1, 2030. Most cities will not directly receive this state shared revenue, as the city share is directed to the public safety answering point (PSAP) provider connected to the statewide network, and most of these are managed by counties or a regional entity, rather than a city.

The PSAPs are only partially funded through the state's Emergency Communications Tax, with the balance of operating costs coming primarily from property taxes. Local governments receive approximately 60% of 9-1-1 taxes, but the taxes had generally covered less than 25% of the costs of total PSAP operations before the recent rate increases. Ratios of individual PSAP costs to taxes received vary. The local government share of the state tax is distributed 1% to each county, with the remainder distributed per capita.

# 2025 State Shared Revenues

Information and forecast estimates in this report are based on the best information available as of late January 2025. The material is subject to forecast and law changes made throughout the year.

## Per Capita State Shared Revenues for Cities

Per capita distributions for revenue sources are calculated based on certified population statistics from Portland State University's Center for Population Research (PSUCPR). Population estimates compiled each July are typically certified on December 15, and thereafter begin to govern the distributions. A copy of the certified estimate applicable to 2024 distributions is available near the end of this report.

	<b>Highway Trust Fund Revenues</b> <small>(Gas Tax)</small>	<b>Liquor Revenues</b> <small>(20% of Total Share)</small>	<b>Marijuana Tax Revenues</b> <small>(75% of City's Share)</small>	<b>Cigarette Tax Revenues</b>	<b>9-1-1 Tax Revenues</b>
<b>2022-23 Actuals</b>	\$76.48	\$18.69	\$1.42	\$0.74	\$11.37
<b>2023-24 Actuals</b>	\$77.57	\$18.55	\$1.41	\$0.66	\$11.21
<b>2024-25 Estimates</b>	\$81.66	\$17.59	\$1.42	\$0.62	\$11.75
<b>2025-26 Estimates</b>	\$81.25	\$15.90	\$1.50	\$0.59	\$12.73
<b>2026-27 Estimates</b>	\$80.74	\$16.79	\$1.49	\$0.56	\$13.69

(Note that most cities do not receive 9-1-1 distributions, see the full write-up for a detailed explanation.)

## Non-Per Capita Based State Shared Revenues for Cities

State marijuana taxes and liquor revenues are not exclusively based on population. The 14% liquor revenue share to cities uses an adjusted population formula that factors in the per capita property taxes and per capita income of each city (see ORS 221 .770). The 25% state marijuana tax share to cities is distributed based on the number of licensed marijuana premises in each certified city compared to the total number of licensed marijuana premises in certified cities. This count includes grower, processor, wholesaler, and retailer premises. The estimates for the total share for all cities are provided in the following table to allow cities to see trends that will assist cities in their individual computations.

	<b>Liquor Revenues</b> <small>(Based on Formula, 14% of Total Share)</small>	<b>Marijuana Tax Revenues</b> <small>(Based on Licenses, 25% of City's Share)</small>

<b>2026-2027 Estimates</b>	\$37,145,000	\$1,356,125.0

# HIGHWAY TRUST FUND REVENUES

2024-2025 Per Capita Estimated Disbursement: **\$81.66**

2025-2026 Per Capita Estimated Disbursement: **\$81.25**

## Actual and Projected Highway Trust Fund Total Revenue Disbursements to Cities Per Capita Disbursements

Actuals	
2014-15	\$157,600,000
2015-16	\$162,100,000
2016-17	\$165,400,000
2017-18	\$181,800,000
2018-19	\$204,900,000
2019-20	\$195,000,000
2020-21	\$217,300,000
2021-22	\$235,800,000
2022-23	\$232,200,000
2023-24	\$238,300,000
Estimates	
2024-25	\$248,300,000
2025-26	\$249,300,000
2026-27	\$250,000,000

The state's Highway Trust Fund supports the construction, reconstruction, preservation, maintenance, repair and improvement of streets and roads. Using a melded computation of the various tax and fee increases over time, cities receive approximately 20% of the Highway Trust Fund.

In 2017, the Legislature approved a comprehensive transportation funding package (HB 2017) that significantly increased cities' per capita funding. The package included a 10-cent gas and use fuel tax increase, and a 53% increase in the weight-mile tax (both phased in over a seven-year period), along with graduated registration and title fee increases. Future 2-cent fuel tax increases are tied to meeting certain accountability and reporting requirements. Full implementation of annual gas tax increases has been met.

From the cities' total allocation, \$2.5 million is directed annually off the top to the Small City Allotment (SCA) fund. The allocation is matched and administered by the Oregon Department of Transportation (ODOT) to provide competitive grants to small cities with a population less than 5,000. This is in addition to their per capita allocation (see ORS 366.805).

The 2017 transportation package also included a new 1% statewide payroll tax, a 0.5% privilege tax/use tax on certain "new" vehicles, and a \$15 bicycle tax. Those additional taxes are not included in the per capita disbursements. The transportation package for the 2025 legislative session could add significant funds for distribution to cities and the SCA fund could also see additional revenue, along with possible increases in the payroll tax to expand public transit.

## Distribution of Highway Trust Fund Revenues

## Actual and Projected Liquor Tax Disbursements to Cities with Per Capita Distributions

## Distribution of Liquor Tax Revenues

Cities' share of this state shared revenue source is 34%, of which 20% is distributed per capita, with 14% distributed using a formula that factors in property taxes, population, and income. The three major contributors to this revenue source are: the sale of distilled spirits; liquor licensing fees; and taxes on beer, wine, and cider.

Distilled spirit sales make up more than 95% of this revenue source. The state maintains the exclusive right to sell packaged distilled spirits and sets the mark-up on products using a wholesale price formula. This means that the bulk of this state shared revenue source technically is based on profits, and not taxes. The mark-up formula on distilled spirits has not been changed since 1993. The Oregon Liquor Control and Cannabis Commission (OLCC) also continues to impose a temporary 50 cents per bottle surcharge on distilled spirits, but those revenues have been directed by the Legislature to the state's general fund, not to the shared revenue fund.

At approximately 8 cents per gallon, or about 4 cents on a six-pack, Oregon's beer and cider tax is one of the lowest in the country. Oregon's beer tax rate has remained unchanged since 1978. The state wine tax is in the middle compared to other states at 67 cents per gallon. The wine tax has not been increased since 1983. When Oregon's lack of a sales tax is factored in, Oregon has the lowest tax in the country on beer and the second lowest tax on wine. In 2023, the Legislature established the Task Force on Alcohol Pricing and Addiction Services (HB 3610), which will study the potential of increasing beer and wine taxes and make a recommendation to the Legislature in 2025. The LOC has a representative on the task force.

Changes made during the 2021 legislative session to increase compensation to liquor store agents and distillery tasting room owners have reduced net distributions from this revenue source. The Oregon Liquor and Cannabis Commission's (OLCC) warehouse is reaching capacity, and the Legislature approved construction of a new facility in 2021. Any expenses used for the new warehouse reduce shared revenue for cities, since the bonds are paid for out of the gross liquor revenue. The cost of the project, including land acquisition and construction, has increased from the first estimate of \$62.5 million to \$145.8 million, making the 34% city share of the project cost \$50 million. Cities' share of this revenue source is projected to continue trending upward over the long term, but these added costs mean cities will receive less revenue than they would have otherwise.

# LIQUOR STATE SHARED REVENUE *AT A GLANCE*

<b>Revenue Sources</b>	<ul style="list-style-type: none"> <li>• Privilege taxes on beer, wine and cider (ORS Ch. 473)</li> <li>• License fees</li> <li>• Profit from distilled spirits sales</li> <li>• Miscellaneous revenue in the Oregon Liquor and Cannabis Commission (OLCC) account</li> </ul> <p><i>Note:</i> 50 cents distilled spirits per bottle surcharge is NOT included in state shared revenues (it goes to state General Fund)</p>	
<b>Tax Rates</b>	<ul style="list-style-type: none"> <li>• \$2.60/ barrel (31 gallons) for malt beverages and cider</li> <li>• \$0.65/gallon for wine + \$0.10/gallon for wine with greater than 14% alcohol + \$.02/gallon (directed to Oregon Wine Board)</li> </ul> <p><b>Profit Markup Formula for Distilled Spirits:</b></p> <ul style="list-style-type: none"> <li>• Up to \$78.06/case cost: <ul style="list-style-type: none"> <li>○ (Landed cost x 2.131) plus \$1.40 freight/bottles per case</li> <li>○ Round to the next \$.05 and add \$.50 surcharge/bottle (surcharge goes to General Fund and is not shared with cities)</li> </ul> </li> <li>• Over \$78.06/case cost: <ul style="list-style-type: none"> <li>○ [(Landed cost plus \$14.45) x 1.798] plus \$1.40 freight/bottles per case</li> <li>○ Rounded to the next \$ .05 + \$ .50 surcharge/bottle (surcharge goes to General Fund and is not shared with cities)</li> </ul> </li> </ul> <p>In 2021, the OLCC approved a new minimum pricing structure which ensures that a standard 750ml bottle of liquor that is 40% alcohol by volume (ABV) cannot be sold for less than \$8.95. The pricing will increase based on a product's ABV, with higher potency beverages increasing more sharply.</p>	
<b>Agency Administration of Revenues</b>	OLCC certifies revenue; Oregon Department of Administrative Services (DAS) makes payment to cities.	
	<b>14% Share of Liquor Revenues</b>	<b>20% Share of Liquor Revenues</b>

<b>Use of Revenue Restrictions</b>	Unrestricted	
<b>Local Tax Preemption</b>	Yes. Cities may not impose a tax or fee on malt beverages or any alcoholic liquors (See ORS 471.045 and ORS 473.190). Cities also are restricted on the amount they may impose for licensing fees. (See ORS 471.166)	
<b>Key Statutes</b>	ORS 221.760-.770 (requirements to receive revenues); 471.810 (distribution of moneys in OLCC account); 473.005-.060 (tax provisions)	

<sup>1</sup> See ORS 221.760 (imposing certification requirement for cities in counties with a population greater than 100,000 to receive revenues from cigarette, gas and liquor taxes). Counties with a population greater than 100,000 are: Clackamas, Deschutes, Douglas, Jackson, Lane, Linn, Marion, Multnomah, Washington and Yamhill.

# MARIJUANA TAX REVENUES

2024-2025 Per Capita Disbursement: **\$1.42**

2025-2026 Per Capita Disbursement: **\$1.50**

## Actual and Projected State Marijuana Tax Disbursements to Cities

Estimates	Total City Revenues	City Distribution 75% (Opt-In for Per Capita Distribution)	City Distribution: Per Capita Opt-Ins	Licensees 25% (Opt-In Cities)
2022-23	\$5,094,000	\$3,820,500	\$1.42	\$1,273,500
2023-24	\$5,094,000	\$3,820,500	\$1.41	\$1,273,500
2024-25	\$5,094,000	\$3,820,500	\$1.42	\$1,273,500
2025-26	\$5,424,500	\$4,068,375	\$1.50	\$1,356,125
2026-27	\$5,424,500	\$4,068,375	\$1.49	\$1,356,125

The state imposes a 17% tax on recreational marijuana products. Until the end of 2020, cities received 10% of the state's total tax revenues (minus expenses) on recreational marijuana products. The passage of Measure 110 in November of 2020, which decriminalized possession of small amounts of street drugs, has resulted in a massive shift in the allocation of state marijuana revenue distributions. Starting in March of 2021, quarterly revenue to cities from state marijuana taxes saw roughly a 74% decrease from the fourth quarter 2020 distribution (the final distribution under the old formula, not accounting for any changes in 25% share based on the total number of licensees). Under Measure 110, cities have shared \$1,125,000 quarterly, or \$4,500,000 annually, which has been indexed to inflation since July 2023.

Compounding on the sharp reduction in revenue after the passage of Measure 110, marijuana revenue has seen a downward trend since the market is saturated with an oversupply of products, which has driven prices down. Since marijuana is taxed on the price of the product and not volume of sales, revenue is projected to go down in the near future until the market sees adjustments in supply.

Distributions are made quarterly to cities that certify that they do not ban any marijuana license type within city limits.

The formula for distributing the city share has changed over time. For state revenues collected since July 1, 2017, 75% of the shared revenue is distributed to eligible cities on a per capita basis, and 25% is distributed based on the number of licensed premises in the city (grower, processor, retailer, and wholesaler). Note that the license-portion (25%) of the distribution is particularly hard to forecast as shops open and close.

Note: Cities may impose up to an additional 3% local tax on recreational marijuana products. Most cities have an agreement with the Oregon Department of Revenue (DOR) to have the state collect their local tax at the same time the state tax is collected. However, that local tax revenue is not considered a state shared revenue.

## Distribution of Quarterly \$11.25 Million

# MARIJUANA STATE SHARED REVENUE *AT A GLANCE*

<b>Revenue Sources</b>	State retail sales tax on all recreational marijuana products Note: There is no tax on medical marijuana products.
<b>Tax Rates</b>	<b>Regular Sales Tax Rate:</b> 17% for state retail tax on recreational marijuana (October 1, 2016 - present)
<b>Agency Administration of Revenues</b>	Oregon Department of Revenue (DOR) handles collection of taxes each month; Department of Administrative Services (DAS) handles payments to cities
<b>Distribution Calculation</b>	<p>Before 2021, cities received 10% of the state tax revenues after administrative and enforcement expenses are deducted. Beginning in 2021, cities will receive a flat \$1,125,000 each quarter under the terms of Measure 110.</p> <p>Eligible cities (cities that do not ban) receive their share using the following formula:</p> <ul style="list-style-type: none"> <li>▫ 75% of the share is distributed per capita (based on population of eligible cities),</li> <li>▫ 25% of the share is distributed based on licensure numbers in the city compared to the total licenses in all eligible cities for the quarter.</li> </ul>
<b>Payment Schedule</b>	Quarterly
<b>Requirements</b>	<p>In 2020, this moved from a quarterly certification with the OLCC to an annual certification with DAS, see HB 3067 (2019).</p> <p>Only cities that have not banned marijuana premises are eligible to receive a revenue payment. That is, a city may not adopt an ordinance that prohibits the establishment of a premises for which a license is required under state law for a recreational marijuana producer, processor, wholesaler, or retailer. A city may also not adopt an ordinance prohibiting a medical marijuana grow site nor a medical marijuana facility. If a city has certified that it qualifies and then creates a new restriction, that city should notify DAS immediately. If a city that has previously qualified for marijuana money is later determined to not qualify, DAS may require the return of the revenues with interest.</p>
<b>Use of Revenue Restrictions</b>	Unrestricted. (The “to assist local law enforcement” language was deleted in 2017.)
<b>Local Tax Preemption</b>	Partially. A city may adopt an ordinance imposing a tax on retail sale of recreational marijuana (not medical marijuana), but state law requires the city refer the ordinance to the electors of the city for approval. In addition, a city may not impose more than a 3% tax. (ORS 475B.345)
<b>Key Statutes</b>	Measure 91 (2014) (legalizing recreational marijuana sales); ORS 475B.015 (definitions); ORS 475B.700-.755 (taxation of cannabis and cannabis products); ORS 475B.759-.760 (state marijuana account and distribution of state marijuana tax); Measure 110 (2020) (changing distribution of state revenues); HB 4056 (2022) indexing Measure 110 distribution amounts.

# CIGARETTE TAX REVENUES

2024-2025 Per Capita Estimated Disbursement: **\$0.62**

2025-2026 Per Capita Estimated Disbursement: **\$0.59**

## Actual and Projected Cigarette Tax Disbursements to Cities with Per Capita Distributions

Actuals	
2015-16	\$3,642,000
2016-17	\$3,634,667
2017-18	\$3,493,333
2018-19	\$3,311,756
2019-20	\$3,233,333
2020-21	\$2,833,333
2021-22	\$2,466,667
2022-23	\$2,233,333
2023-24	\$2,033,333
Estimates	
2024-25	\$1,900,000
2025-26	\$1,800,000
2026-27	\$1,733,333

This revenue source is projected to continue trending downward—as it has for more than 10 years—as smoking decreases. In November of 2020, voters passed Measure 108, which: increased cigarette taxes by \$2 .00 per pack effective January 1, 2021; increased the cap on the cigar tax from 50 cents to \$1 .00; created a tax on vape products at 65% of the retail price; and preempted cities from taxing vape products. After the increase, cigarette taxes are at \$3 .33 per pack, and cities’ share of that revenue is a meager 0 .6% of the tax, or about 2 cents per pack. It’s important to note that while cities receive a share of tax revenues for cigarettes, no shared revenue is distributed for taxes on other tobacco products, including cigars, moist snuff, chewing tobacco, pipe tobacco, and vapes.

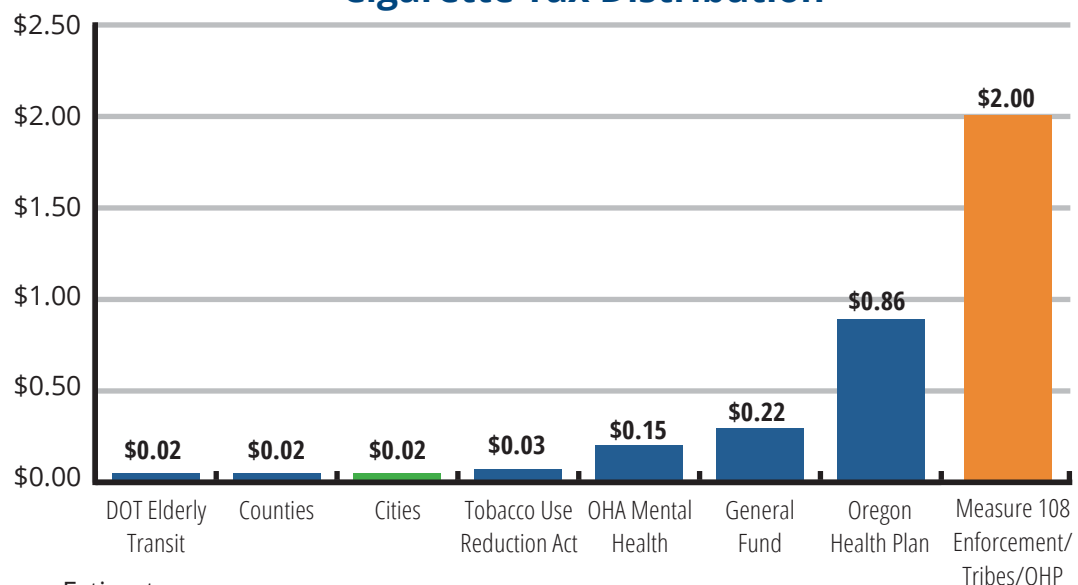

Measure 108 was expected to have the effect of decreasing revenues to cities; cities did not get a share of the \$2 .00 increase, and as prices increased by 33% on average, demand was anticipated to decrease. During meetings at the Legislature, reductions in sales as high as 25% to 35% were discussed due to reduced smoking rates in Oregon and a reduction of cross border sales into Washington and California. When the actual distributions for the 2021-22 biennium are compared to the 2019-20 biennium (the last full biennium before the tax increase), there is a decrease of more than 26% in this revenue source. While this reduction could be explained by longstanding trends, it could also be explained by people switching to vape products. Nonetheless, it seems clear that Measure 108 has achieved a reduction in tax revenues.

# CIGARETTE STATE SHARED REVENUE AT A GLANCE

<b>Revenue Sources</b>	State cigarette tax per pack <i>Note: Tax revenues from other tobacco product is NOT included in state shared revenues.</i>
<b>Tax Rate</b>	<ul style="list-style-type: none"> <li>• Pre-2004 to 2014: \$1.18/pack</li> <li>• Jan. 1, 2014 to Dec. 31, 2015: \$1.31/pack</li> <li>• Jan. 1, 2016 to Dec. 31, 2017: \$1.32/pack</li> <li>• Jan. 1, 2018 to Dec. 31, 2020: \$1.33/pack</li> <li>• Jan. 1, 2021 to present: \$3.33/pack</li> </ul>
<b>Agency Administration of Revenues</b>	Oregon Department of Revenue (DOR) collects revenue; Oregon Department of Administrative Services (DAS) makes payments to cities
<b>Distribution Calculation</b>	Per capita disbursement to cities
<b>Payment Schedule</b>	Monthly
<b>Requirements</b>	<p><b>Certification Requirement:</b> Cities in counties with a population greater than 100,000 must certify<sup>1</sup> that the city provides at least four of the following municipal services:</p> <ul style="list-style-type: none"> <li>• Fire protection;</li> <li>• Police protection;</li> <li>• Street construction, maintenance and lighting;</li> <li>• Sanitary sewers;</li> <li>• Storm sewers;</li> <li>• Planning, zoning and subdivision control; or</li> <li>• One or more utility services.</li> </ul>
<b>Use Restrictions</b>	Unrestricted
<b>Local Tax Preemption</b>	Yes. Cities may not impose a tax on the sale or the use of tobacco products (ORS 323.640). Cities may not impose a tax on the sale of vape (Measure 108).
<b>Key Statutes</b>	ORS 323.030 to ORS 323.091; ORS 323.455 to 323.457; Measure 108 (2020).

1 See ORS 221.760 (imposing certification requirement for cities in counties with a population greater than 100,000 to receive revenues from cigarette, gas and liquor taxes). Counties with population greater than 100,000 are: Clackamas, Deschutes, Douglas, Jackson, Lane, Linn, Marion, Multnomah, Washington and Yamhill.

## Cigarette Tax Distribution

# 9-1-1 EMERGENCY COMMUNICATION TAX REVENUES

2024-2025 Per Capita Estimated Disbursement: **\$11.21**

2025-2026 Per Capita Estimated Disbursement: **\$11.75**

## Actual and Projected 9-1-1 Tax Disbursements to Cities with Per Capita Distributions

Actuals	
2019-20	\$17,696,956
2020-21	\$23,351,536
2021-22	\$27,118,076
2022-23	\$28,396,882
2023-24	\$28,133,678
Estimates	
2024-25	\$29,798,957
2025-26	\$32,768,607
2026-27	\$36,034,201

## FY 2023 Distribution of 9-1-1 Tax Revenues

Oregon's 9-1-1 tax was increased to \$1.00 per line or prepaid transaction effective January 1, 2020, and further increased to \$1 .25 effective January 1, 2021. Before this change in 2019's HB 2449, the rate had been 75 cents since 1995. Most cities do not directly receive this state shared revenue, as the city share is directed to the public safety answering point (PSAP) provider connected to the statewide network. Less than 20 of the 45 PSAPs in Oregon are operated by cities; most are managed by counties or regional entities. The PSAPs are only partially funded through the state's Emergency Communications Tax, with the balance of operating costs coming

primarily from property taxes. Local governments receive approximately 60% of 9-1-1 taxes, but the taxes generally covered less than 25% of the costs of total PSAP operations before the recent rate increases.

The local government share is distributed by providing 1% per county, with the remainder distributed per capita to the governing authorities of the 9-1-1 centers, which may be cities, counties, council of governments or special districts. Quarterly tax distribution charts of the PSAPs can be found on the Oregon Office of Emergency Management's (OEM) website.

## 9-1-1 TAX STATE SHARED REVENUE AT A GLANCE

<b>Revenue Sources</b>	9-1-1 Emergency Communication Tax
<b>Tax Rates</b>	<ul style="list-style-type: none"> <li>• \$1.25 per month per telephone access line capable of accessing 9-1-1 emergency reporting services</li> <li>• \$1.25 per each retail transaction related to prepaid wireless products, including minutes purchased</li> <li>• Tax expires January 1, 2030. See HB 2449 from 2019.</li> </ul>
<b>Agency Administration of Revenues</b>	Office of Emergency Management
<b>Distribution Calculation</b>	<p>After administrative costs of up to 0.6% for Oregon Department of Revenue (DOR) and 2.4% for OEM 4, a 35% portion is transferred to the OEM, the remainder goes to local governments to pay for the PSAPs.</p> <p>A minimum 1% base is distributed per county (about 36%) and the remaining tax revenues are distributed on a per capita basis (about 26%) for distribution directly to 9-1-1 jurisdictions connected to the statewide network.</p>
<b>Payment Schedule</b>	Quarterly
<b>Requirements</b>	Annual accounting report to OEM (ORS 403.240(9)). Usually, the report is due in January.
<b>Use of Revenues Restrictions</b>	See ORS 403.240(9) and OAR 104-080-0195 for permitted expenditures associated with 9-1-1 costs. Intergovernmental agreements might also restrict use of revenues.
<b>Key Statutes</b>	ORS 403.200-.250; OAR 104-080-0195 to 104-080-0210

\* These numbers reflect the December 15, 2024 certified numbers from the Portland State University Population Research Center. State shared revenues for the Highway Trust Fund, Liquor Revenues, Cigarette Tax Revenues, and 9-1-1 Emergency Communication Tax Revenues will use these populations. Portland State also provides quarterly supplemental population reports which will provide the basis for quarterly marijuana revenue distributions. The supplemental reports are available at [www.pdx.edu/population-research/population-estimate-reports](http://www.pdx.edu/population-research/population-estimate-reports).
