Bootleg Fire

- Bootleg Fire started near Beaty Oregon on July 6th, 2021. Before its full containment on August 15th, 2021 it burned 413,765 acres. At its worst it grew 1,000 acres per hour and it was the 2nd largest wildfire in the Nation. The fire destroy 408 buildings, which included 161 houses, 247 outbuildings and 342 vehicles.
- Despite the size of the fire since the homes were mainly RV's or cabins the fire damage did not hit the dollar threshold for FEMA assistance. FEMA did not support the recovery efforts of homeowners in this disaster.
- OREM staff assisted 20+ homeowners with sheltering for the winter.
 OREM brought on a contractor to conduct disaster case
 management for 33 families in May of 2022. The contractor was
 granted 350,000 from the American Red Cross to address survivor
 needs and assist in rebuilding, this work was completed by June 30,
 2023.

Golden Fire

- Golden Fire started on July 22, 2023 approximately at 2pm by a resident burning garbage.
- The fire quickly spread throughout the Klamath Estates, crowned and within minutes traveled over Hwy 140.
- Most residents had a five minute warning or less to evacuate and most report that a patrol deputy drove up to their driveway, yelled at them to get out because the fire was coming, as they continued onto warn the next resident.
- Most resident only left with the clothes on their back and a few precious animals and watch the flames take their homes.

Klamath Lake **Long Term Recovery Group**

- ORFM reached out to the KI -I TRG within the first 2 hours of the Golden Fire and requested their assistance with donations.
- Within 36-48 Hours the KL-LTRG had a Donation drop off site up and ready
- The KL-LTRG had the donation Pick-up site ready to go before the Red Cross Shelter Closed for Golden Fire.
- Within 3 days of the fire the KL-LTRG had a QR code up and circulating on Facebook and around the community for donations.
- Oregon Community Funders ♦ \$15,000 committed on 7th day.

Total \$81,562.83

Relief Angels

- Deployed 15 volunteers
- Cleaned up 21 homesites, 1 pending
- 6 personal vehicles
- 3 dump trailers
- 3 big rigs 1 flat bed semi with self winching capabilities (tow truck), 1 flat bed semi and 1 semi with a self loader excavator with a 40ft yard container for hauling.
- 3 metal debris bins (2-20 yards and 1-40 yard)
- 1 excavator
- Coordinated dinners with local church for Team Rubicon volunteers
- Relief Angels invested \$8,200 in the clean up efforts.
- Metal reimbursement offset fuels costs at about \$5,000

Accomplishments

- Operation Golden Opportunity ran from November 9th thru November 15th.
- Team Rubicon managed 44,314 cubic feet of debris.
- Team Rubicon and Relief Angels loaded and hauled 29 tons of logs to be turned into fire wood or milled lumber.
- · Relief Angels hauled away 92 tons of metal debris.
- Waste Management hauled 36.16 tons of debris.
- 128.16 tons of debris removed total
- Cost to date for clean up \$36,266
- Total investments in supports to homeowners \$95,301.22

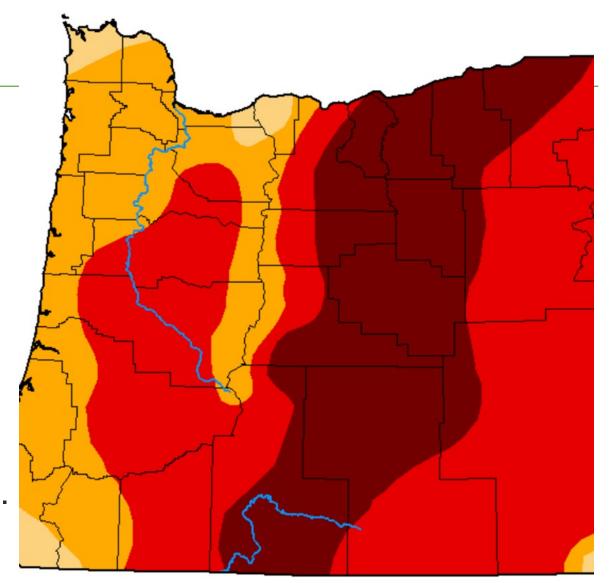

Klamath Water Mission

- In May of 2021 homeowners in the Klamath Basin started experiencing dry residential wells because of the ongoing drought.
- Due to drought, lake, river and stream flows were not at the levels needed to support endangered species needs as well as irrigation needs of local farmers.
- Local farmers began pumping of ground water to meet crop demands.

Water Delivery Industry Created

Data

As of April 10,2024	2024	2023	2022	2021	Totals
Number of Well Complaints	3	45	202	262	512
Households Requesting Tanks	1	7	60	114	181
Total Tanks Purchased by ODHS	0	0	100	260	360

Water Customers	2021	2022	2023	2024	Total
Current Households Receiving Water	23	20	12	2	57

Collaborative Efforts

- Klamath Well Workgroup consisted of:
 - Governor's Regional Solutions Coordinator
 - Oregon Water Resources Division
 - Oregon Department of Emergency Management
 - Oregon Department of Human Service, Office of Resilience and Emergency Management
 - Klamath County Commissioners
 - Klamath County Emergency Management
 - Klamath County Grants Manager
 - Klamath County Public Works
 - Klamath County Community College
 - Klamath County Homeowners
 - City of Klamath Public Works

Accomplishments

- Funding ask to the Oregon State Legislation eboard, 4 million was granted for dry wells and water refill station.
- County established reimbursement program at 75% of well costs with a cap of \$40,000.
- OWRD Well Abandonment, Repair or Replacement Funding (WARRF) 100% funding for low income eligible.
- Partnership with Klamath Community College to start well drilling program and \$100,000 granted from the Oregon State Legislation to fund a well drilling rig.
- Second funding request to Oregon State Legislature obtained additional 5 million to serve dry wells in Klamath County.

Klamath County Well Reimbursement Grant

S Total Grants Completed: 162

Funding paid to Homeowners: \$2,425,434.55

Homeowner Expenditures: \$3,345,915.12

Applications are still open

Oregon Department of Human Services Cost

Just under \$300,000 for water tanks

Average monthly cost of about \$25,000

Just under 4 million for biennium
