

Energy and Environment Policy Committee Agenda

The Energy and Environment Policy Committee will meet to review and recommend legislative priorities for LOC members to evaluate and rank in importance to inform the 2025-26 LOC Legislative Agenda. The Committee will review previous legislation related to these topics and meetings may include invited updates from state agencies and legislators. The Committee may add additional topics to their workplan.

- A. Energy Conservation and Efficiency
- B. Renewable Energy Generation and Delivery
- C. Clean Energy Economic Development Programs
- D. Right-Of-Way and Franchise Management
- E. Natural Gas Utilities
- F. Restructuring the Electric Industry
- G. Community Resilience – Including climate mitigation and adaptation
- H. Energy Efficiency in Buildings
- I. Utility Affordability
- J. Solid and Hazardous Waste
- K. Air Quality
- L. Electrical Waste
- M. Environmental Justice

Note: Agenda items are not exhaustive and are not limited to the listed items.
