

Broadband, Cybersecurity, A.I., and Telecommunications Policy Committee Agenda

The Broadband, Cybersecurity, AI (Artificial Intelligence), and Telecommunications Policy Committee will meet to review and recommend legislative priorities for LOC members to evaluate and rank in importance to inform the 2025-26 LOC Legislative Agenda. The Committee will review previous legislation related to these topics and meetings may include invited updates from state agencies and legislators. The Committee may add additional topics to their workplan.

- A. Telecommunications Franchising
- B. Management of the Public Right-of-Way
- C. Advances in Telecom Technology
- D. The Efficient Provision of Telecom Services
- E. Digital Equity for All
- F. Advancing Broadband infrastructure for access, adoption, affordability, and broadband symmetry
- G. Resilient Communication Systems for Public Safety and Cybersecurity
- H. Cyber Risks and Threats
- I. Response Planning for Cyber Threats/Attacks
- J. Identifying Cybersecurity Vulnerabilities
- K. Advances in AI Technology
- L. Utilization of AI for Smart Cities, Efficiency, and Technology
- M. Regulatory Framework that promotes innovation and investment in AI technology, while protecting local decision-making, civil liberties, digital privacy, security, and transparency.

Note: Agenda items are not exhaustive and are not limited to the listed items.
